

## Face Coverings

All campers and staff are required to wear face coverings at all times while in our parks. Face coverings may be removed only during designated lunch and food breaks.

## Outdoor Activities

We will spend as much time as possible outside, so be sure your camper is dressed for the weather and has a water bottle!

## Frequent Handwashing

All campers and staff will practice frequent and effective hand washing or use hand sanitizer when a sink is not available.

## Indoor Space

We will spend most of the day outside, but if the weather does force us indoors, all campers will have an assigned, properly distanced workstation in the classroom where all of their materials and personal items will be stored. Doors and windows will be regularly propped open in all classrooms and fans will be used to maintain airflow.

## Cleaning

We will regularly disinfect all surfaces commonly touched by campers and/or staff. We will sanitize shared tools and equipment before, during and after each day and anytime the equipment is handled by a different person.

## Small Groups

We are keeping camp groups small this year! Each camp group is limited to 12 campers and will be taught by one lead educator and one camp counselor.

## Staff Support

In addition to our regular safety training, all camp staff will receive training specific to COVID-19 focusing on how to prevent it from spreading, as well as appropriate actions and behaviors they must take to minimize contact and reduce the risk of exposure to the virus. In addition, all camp staff have been provided access to the vaccine.

## Communication

If there is a confirmed COVID case in camp, the camp director will notify guardians by phone and email about potential contact that their children may have had with the infected individual.

## Health Screening

Families will also be required to complete a health screening for their camper each morning of camp.

## Food & Drink

We will eat lunch and snacks outdoors in areas off-limits to general visitors. Please pack your camper's nut-free lunch and snack each day as we will not provide food to our campers.

## Supplies

Campers will have their own sets of craft materials, books, and other supplies. We will discourage sharing personal items and supplies between campers.
